# ALEX DANIEL NUNES FERREIRA

## JUNIOR FULL STACK DEVELOPER | PHP & LARAVEL

Coromandel – MG, Brazil | (34) 99838-5903 | alexdanielnf@gmail.com
LinkedIn: linkedin.com/in/nunesalex | GitHub: github.com/Alexdanielofc

## PROFESSIONAL PROFILE

IT professional with experience in technical support, ERP systems, databases, networks, and infrastructure. Currently transitioning into Full Stack development, with a focus on PHP and Laravel. Seeking a junior-level opportunity to deepen my knowledge, contribute to real-world solutions, and grow alongside a technology team. I have a hands-on approach, strong troubleshooting skills, and a strong motivation to build a solid career in software development.

## PROFESSIONAL EXPERIENCE

**WN TELECOM**

*IT Technician*

- Performed preventive and corrective maintenance on equipment, both on-site and remotely.
- Configured and supported internal networks and infrastructure equipment.
- Configured and maintained on-premises and cloud-based PBX systems, as well as analog and IP telephony.

**ERP SOFTWARE COMPANIES — FLYPPER SISTEMAS, ZOOM TECNOLOGIAS & AM SISTEMAS**

*IT Technician / Sales Representative*

- Provided on-site and remote technical support and training for ERP system users.
- Queried and manipulated database data to analyze and resolve issues.
- Supported sales, customer relations, and administrative routines.

## PROJECT

**HABIT TRACKER — Web application for habit tracking**

Personal project developed with Laravel for registering and managing habits, marking daily completions, and viewing annual progress history. Includes authentication, data validation, user-based access control, and automated tests. **Technologies:** PHP, Laravel, Eloquent ORM, Blade, Tailwind CSS, Vite, SQLite, and PHPUnit.

**Source code:** github.com/Alexdanielofc/habit-tracker-php

## EDUCATION

**Associate Degree in Systems Analysis and Development** — Universidade Cesumar (UniCesumar)

February 2022 – 2026 | Awaiting graduation ceremony

## TECHNICAL SKILLS

**Development:** PHP, Laravel, Blade, Tailwind CSS, HTML, CSS, and JavaScript.

**Back-end and databases:** Eloquent ORM, Form Requests, Policies, Middleware, SQL, and SQLite/MySQL.

**Tools:** Git, GitHub, Vite, and PHPUnit.

**Artificial Intelligence:** Python applied to AI agents and prompt engineering.

**Additional experience:** ERP systems, technical support, networks, infrastructure, IP telephony/PBX, Windows, and hardware and software maintenance.

## LANGUAGES

Basic to intermediate English, with a focus on comprehension and reading.
